

Custom Molded Mints are an awesome promotional item that is sure to be a big hit with recipients.

These mints could be shaped to any logo or product and are embossed with exquisite detail of wording or design.

Real-life virtuals are provided upon receiving logos and portray the exact look as when produced.

The mints are sugar-free and their flavor is a mix of spearmint and peppermint.

Each tin contains 22-25 mints (depending on their size), as well as a full colour imprint on the lid and nutritional information at the bottom.

A one-time charge for a custom-shape mold ensures exclusive ownership of the mold infinitely.
